

SIMON FRASER UNIVERSITY SCIENCE UNDERGRADUATE RESEARCH JOURNAL

Presenter Eligibility:

Undergraduate students from SFU, who have conducted research at SFU or elsewhere. SFU graduate students who would like to present research conducted recently during their SFU undergraduate degree will be evaluated on a case-by-case basis. Entries may be submitted in groups. Groups exceeding 6 presenters must be approved.

Content Guidelines:

- Research from the following faculties and their encompassing departments and schools are eligible for entry: Science, Health Science, Applied Science, Environment.
- Research must be conducted, at least in part, by the presenter.
- Research must be no more than 3 years old at the time of presentation

Poster Guidelines:

Abstract: 150-250 word limit, providing context for the study, stating the objective of the project, the main hypothesis, and the main conclusions. The abstract will be published in the abstract booklet. Note that presenters have the choice to include the abstract on the poster itself, but this is not mandatory.

Keywords: 3-5 words summarizing the content of the article. Keywords will also be published on the abstract booklet, and are not mandatory for the poster itself.

Introduction: The background, motivation, and significance of the research.

Methods: Description of the protocols and tools used to conduct the study. Figures and diagrams are recommended to facilitate readability.

Results: Presentation of the data acquired, please limit this section to relevant observations.

Discussion: Interpretation of results in the context of the research hypothesis.

Conclusion: Brief outline of the significance of the research, and applicability to related research.

Acknowledgements: Brief and professional acknowledgement of non-author collaborators, assistants, and funding sources.

References: Appropriate citations, following any conventional formatting style
